Special Requests, Accessibility and Health Guidelines

Wayfinder Holidays Pvt. Ltd.
Version v1 | Effective 2026-04-01

1. Purpose and scope

These guidelines cover requests and travel preparation. A request is recorded for Customer Care and suppliers but is not guaranteed unless Customer Care confirms it.

2. Can I request dietary, room or celebration arrangements?

Customers may request dietary needs, room preferences and celebrations through Customer Care. Wayfinder Holidays passes requests to relevant suppliers, subject to availability and supplier confirmation. A special request is never guaranteed unless Customer Care confirms it.

3. How are mobility and accessibility needs handled?

Customers should tell Customer Care about wheelchair, mobility or other accessibility needs. Wayfinder Holidays can request suitable arrangements but cannot guarantee them. The app does not assess the accessibility or safety of places.

4. How can I plan a less demanding itinerary?

Many itineraries can be walking-heavy. In the app, a traveller can choose the relaxed pace or driving mode and freely adjust day-plan sightseeing stops before departure. App travel estimates are informational and may differ in reality.

5. What health preparation is my responsibility?

A pregnant traveller must check airline rules directly. Travellers should carry required medicines and prescriptions, prepare for altitude destinations, and seek qualified medical advice where needed. The AI support assistant does not give medical advice and cannot assess the safety of a place.
